IFMA Atlanta invites you to share your industry knowledge and business expertise with professionals who support the people, place, processes and technologies of the work environment.

Presenters have until Tuesday, December 10, 2019, to submit a session proposal for consideration by our program committee. If selected, you will present your session at Atlanta Workplace Conference & Expo, Friday, February 28, 2020, at the Georgia International Convention Center.

The Benefits of Presenting

The World Workplace educational program is regarded as the finest in the FM industry. Selection as a session presenter is an honor. You have the opportunity to gain recognition as a topic expert among FM leaders and workplace decision makers. Attendees will take your information, tips and techniques back to their organizations for high-level discussions or immediate implementation. As a World Workplace presenter, you can:

- Enhance your credibility and stature among an influential audience of industry professionals.
- Refresh your personal knowledge as you prepare your thoughts, handouts and visuals for presentation.
- Challenge yourself and your colleagues through classroom interaction.
