

June 22, 1984

ON TUESDAY, JULY 10, 6:00 p.m.

The Atlanta Chapter of the International Facility Management Association will hold its monthly meeting at iil, inc. (see attached map). Our program this month:

THE FURNITURE PROJECT - A MANUFACTURER'S VIEWPOINT

Hinton Dillard, Regional Sales Manager with iil, inc., will present the furniture "project" from a manufacturer's viewpoint. He will talk about how the project specifications are developed, the ordering process and the problems that can occur along the way. Also they will conduct a facility tour that will give us an overview of how furniture is made and prepared for shipping.

iil, inc. started in 1962 in Toronto, Canada, as a custom furniture house. In 1979, they expanded to the U.S. and standardized their lines to decrease the prior emphasis on custom work. iil, inc. now does over 40 million dollars a year of business in the U.S. and Canada with their open plan executive furniture and seating lines. This program should offer an excellent opportunity for us to get a "behind the scenes" perspective on facility management.

Reservations for this meeting must be made by 2:00 p.m. Friday, July 6. For reservations, please call 658-1776 and ask for Pat Stanfield.

There will be no charge for this meeting.
