JANUARY MEETING

We are very pleased to announce that our January meeting will be:

Wednesday, January 13, at 5:30 p.m.

High Museum of Art

"The Machine Age in America 1918-1941"

Refreshments will be served in the conference room at 5:30. At 6:30, Steve Lensley, Manager of Museum Operations and Personnel Manager, will comment on the Museum from a facilities standpoint. Following his presentation, we will tour the magnificent exhibit, "The Machine Age," which occupies one entire floor. Hailed as one of the nation's best exhibits of 1986 by The New York Times Art Critic, John Russell, the exhibition examines the machine for its artistic influence on American culture. Many types of machines are on display which were used as household items in the years between the two World Wars. This exhibit is not to be missed.

You may drive or ride MARTA to the meeting. The Museum is located at 1280 Peachtree Street. Please show this letter at the entrance to the Museum and you will be directed to the reception. The cost for the evening is \$20 per person, for members or guests, and should be paid at the "conference room-reception" entrance. Please call Phyllis Linden at 233-1777 no later than Monday, January 11, to make your reservations. No-shows will be invoiced.

FEBRUARY MEETING

Please mark your calendars for our February 9 luncheon meeting at the Atlanta Merchandise Mart. Our guest speaker, Ray Steventon, National Vice President of KnollWall, will educate us on moveable wall systems.
