KNOLL KNOWS

Knoll certainly does know how to bring a top-notch speaker to Atlanta whose two seminars on "Office 2000" were informative and educational. For those of you who missed Dr. Leonard Kruk's talks, you missed a lot! Pam Jones of Knoll was also responsible for donating the cocktail party that was held after Dr. Kruk's last session. Pam, Thank you and everyone else at Knoll for your support of IFMA.

IFMA MEETING LOCATIONS

October	Inforum
November	Marriott at Perimeter Center
December	Buckhead location
January	Merchandise Mart

Please take out your daytimers, calendars, desk diaries or whatever tool you use to record dates, times and locations. As you can see from the above, we have been listening to you and are seeking alternatives to the downtown location for our meetings. In 1994, there will be 5 meetings in the north Atlanta area. Along with trying new locations, we are also working on luncheon topics that are current, innovative and informative. Please give Steve Pelham your thoughts on either locations or topics.

NOVEMBER MEETING

Patti Swierc of BellSouth Information Systems will be our November speaker. Patti will be talking about "Occupied Office Carpet Replacement" with Mr. Andy Ostman of Renovisions.

STEELCASE/IFMA ROUNDTABLE ON LIABILITY ISSUES AND FACILITY MANAGERS

It is becoming more common for facility professionals to have the responsibility of making sure that their facility is in compliance with federal, state and municipal regulations in order to avoid any liability problems. IFMA has realized that this can be a very challenging task. With this in mind, the sixth IFMA/Steelcase business television event will focus on "Clearing Up Some of the Confusion: Liability Issues and Facility Managers." This broadcast will be on Tuesday, November 2, from 3:30 p.m. to 5 p.m. EST in the Steelcase Showroom.

The discussion will focus on liability as it relates to real estate, site planning, ergonomics, hazardous chemicals, compliance, quality of life, and other issues. Who is responsible? How does a company look at these issues philosophically? What types of programs can be developed?

The panel will include Glenn Dirks of Sun Microsystem, Lanny Felder, J.D., CFM, of Blue Cross/Blue Shield, and Elaine Robertson of Manitoba Telephone Systems.

Please contact your local Steelcase representative for more information or call the Steelcase Showroom at 523-2201 to reserve your spot at this informative and timely roundtable.
