[IFMA Atlanta was well represented at Facility Fusion in Chicago.](#)

Facility Fusion 2018 in Chicago was a memorable event for all attendees, but especially for the Atlanta Chapter of IFMA in our 35th year! The esteemed Kathy

Roper (author, professor, IFMA ATL Past Chapter President, industry expert, etc) represented the chapter well as she always does and taught an engaging session on leadership and personal development. I had the pleasure ...

[April 2018 IFMA Atlanta spotlight - Dylan Murray – Kennesaw State University.](#)

Written by Henri Brickey, Whitco Roofing. This month's IFMA Atlanta member spotlight focuses on Dylan Murray, a senior at Kennesaw State University who will be graduating next month with a bachelor's degree in Construction Management, with a concentration in Facilities Management. Unlike many, who fall into the FM field by accident, Dylan has been planning for his career in construction ...

End Users Only Roundtable Event
Where End Users gather to confidentially share information and best practices

State Farm's Campus Consolidation

Join us as State Farm's Machelle Clarke Pellegrini and Timothy Jackson discuss the development and construction of their new hub at the heart of the Perimeter. They will also review critical change management and building design decisions required to consolidate nine metro Atlanta offices into this one site. When completed in 2023, this 2.2 million sq. ft. campus will bring together over 8,000 State Farm insurance colleagues.

Following Machelle and Tim's presentation, we will have a facilitated roundtable discussion on CDE's value proposition: how different organizations evaluate the value that we bring.

Join us for our annual platform sponsor mingle following the event!
