

Now Hiring: Certified Facility Manager (CFM) or Facilities Management Administrator (FMA)

We are seeking a highly skilled and credentialed **Facility Manager** to join our team on a **contract basis** for a high-profile site at a **large commercial facility in New York City**. Remote Work Options are available.

Qualifications (Required):

- **Certified Facility Manager (CFM)** – accredited by IFMA
OR
- **Facilities Management Administrator (FMA)** – accredited by BOMI

Key Details:

- **Location:** Large commercial facility, **New York City**
- **Work Schedule:** Standard daytime hours
- **Start Date:** ASAP
- **Duration:** Project-based with potential for extension
- **Security:** Must be eligible for facility access clearance if required

Role Overview:

The Facility Manager will oversee site logistics, coordinate subcontractors, and ensure full compliance with all safety, structural, and operational requirements associated with infrastructure upgrades in an active commercial environment.

Why Join Us:

- Work on a high-impact, large-scale facility upgrade
- Competitive rates
- Collaborative and experienced team

How to Apply:

To express interest in this opportunity, all Interested candidates should email their certificate and resume to contact@carter1enterprises.com. Remember, only certified candidates will be accepted.
